PRESS RELEASE

November 2nd, 2015

Appointment of Emmanuelle BOUVIER as President of the Healthcare & Industry business unit

We are very pleased to inform you that **Emmanuelle BOUVIER** has been appointed as **CEO of Plastibell** and President of the **Healthcare & Industry business unit**. She will also be member of the Executive Committee of PSB INDUSTRIES.

Emmanuelle Bouvier has a Chemical Engineer degree – polymers specialty – and a High Technologies Marketing Intelligence Master. She spent most of her career with raw polymers plastic leaders (GE Plastics, Sabic, EMS Chemie) and has occupied various functions in sales and general management positions within international groups. Before joining PSB, Emmanuelle Bouvier was in charge of the French subsidiary of a leading supplier of technical rubber components for a wide range of industries.

We wish her success in her new assignment and challenges.
